MILITARY TOURNAMENT

ESTERDAY'S CONTESTS AT THE AGRICULTURAL HALL.

During the past few days there has been as always the case in the second week of the tournament, been a marked improvement in the carrying out of the various displays whilst at the same time themselves are far more interesting, owing to the fact that the competitors are the winners in the different classes. Everything now moves with the greatest smoothness, and the precision shown by all concerned merits the warmest praise. A new feature has, since the notice we gave last night, been introduced, namely, while the public are being admitted to a band of one of the famous military plays in the arena to relieve the monotony before the proceedings begin. The drum and life band of the Grenadier Guards yesterday undertook this duty. The attendance at the performance in the afternoon was large, and the proceedings were appreciated by much enthusiasm. Amongst those present were Lord Salisbury, the Duke of Abercorn, Lord and Lady Lansdowne, Lord and Lady Raglan, Lord Stanhope, Lord G. Hamilton, Mr. A. J. Balfour, Mr. G. Wyndham, Sir F. Knollys, Gen. Sir R. and Lady Harrison, Col. Sir W. J. Colville, Capt. and Mrs. C. D. O'Brien, the Belgian Minister, Col. Franklin, Lieut. Lowe (of H.M.S. "Excellent"), Lady S. Beresford, Lady E. Roberts, and Maj. M. Sheraton.

LANCE-CUTTING AND HEADS AND POSTS.

In the lance-cutting contests Sergt.-maj. Broadley, 18th Lancers, scored 19; Pte. Uckerman, 23rd Lancers, 16; Corp. 11; S-sergt-maj. E. R. Lang 15th Hussars, 10; Sgt.-instr. J. Wood 17th Hussars, 10; Prov. R.H.A., 9; and Corpl. J. S. Armistead, R.E.A.C., 8. The Heads and Posts competition resulted as follows:—Sergt. Robertson, 2nd Dragon Guards, 18 (the highest possible); S-sergt-maj. R.R. Brodley, 18th Lancers, 15; Corp. 11; Sgt. Armstrong, R.H.A., 11; Corpl. Keyworth, R.F.A., 2. The next item on the programme was a pretty gymnastic display by boys of the Duke of York's Royal Military School, which was much applauded. After this came the contests in:

SWORD V. SWORD.

Sergt. Keyworth, 2nd, R.F. Artillery, made 16 (the highest possible); Recti. Sergt-maj. E. W. Gainher, Rid. Ent. R.A., 13; Sergt. Robertson, 2nd Dragon Guards, 10; Corpl. Armistead, R.F. Artillery, 6; and Sergt. E. C. Gray, 2nd Dragon Guards, 5. The field gun drill by cadets of H.M.S. "Excellent," who carried off their adversaries' prizes. Next in the which the nucleus took the heavy guns completely to pieces and mounted them again elicited loud cheering. Another very interesting item was the galloping by the R.H. Artillery, the batteries taking part being the Y and the S. Both batteries drove splendidly without once breaking rank. Then followed the R.H. Artillery, with the S.H.L. gun—a similar weapon to those which rendered Gen. Buller such excellent service in the relief of Ladysmith—still remains one of the most popular features of the tournaments. As we pointed out last week, this part of the performance is entirely novel, and when it is remembered that the men have fired the gun six times from the mounting and dismantling of the huge weapon by means of derricks and the firing of a round in seven or eight minutes, is a remarkable feat showing the smartness of our men in the field.

THE PRIZEGATE.

"The inauguration of the Australian Commonwealth" is always the piece de resistance from a spectacular point of view, and the praiseworthy way in which the men taking part carry out their respective duties, together with the harmonious blending of the gorgeous decorations, suggested the idea of the humorous showing as it did, the excellent stuff of which our great army is composed, and representing the universality of our Empire.

SWORD V. SWORD (MOUNTED).

In the final competition the prizegates were won by the following:—S-sergt-maj. Broadley, 18th Prov. Regt., 19; Pte. Uckerman, 23rd Lancers, 16; Rogers, 14th Hussars, 2nd; Corpl. C. Wood, 12th Lancers, 3rd; S-sergt-maj. R.R. H. Knowles, 7th Hussars 4th; Pte. Uckerman, 23rd Lancers 5th; and Sergt.-maj. Gittings, 2nd Dragon Guards, 6th.

OTHER COMPETITIONS.

In the tug-of-war the weights after an exciting struggle, the Royal Marine Artillery defeated the "A" Division, Royal Artillery Regiment District Staff. Sword v. Lance: S-sergt-maj. R.R. Broadley (lance) gained a victory over Corpl. Woods 12th Lancers; and Sergt. F. M. Yates, Royal Horse Artillery, was awarded the prize. The performance concluded with a combined display of arms.

EVENING RESULTS.

There was a very large attendance in the evening, among those present being Sir H. Toner (Queensland), Mr. W. Beece (Agricultural Hall), Mr. Z. Beeson, Sir H. De Geary, Dr. Bylden (Liberia), Maj. Wilby, Capt. F. H. Neish, B. A. T. Kerr-Pears, K. B. Oliphant, and L. Jenner, Col. R. H. Loftthouse, H. Hancock, and Greene. The first contest was fought between the three leading prizes in sword v. lance (mounted) contests. In sword v. lance (lance), 14th Hussars (lance) 1st; S-sergt-maj. E. R. Lang 15th Hussars (lance), 2nd; Corpl. Woods 12th Lancers (sword), 3rd. Lance (Mounted) v. Bayonet: S-sergt-maj. R.R. E. Broadley (lance) defeated Tpr. W. Moore and Life Guards Batt.-Q-M-S. Spinks, 7th Field Artillery (lance). Sergeant Armstrong, 14th Hussars (lance), 14th Hussars (bayonet), 14th Hussars (Tug of War) (110 stone); Royal Marine Artillery, Eastney, 1; Training Band Royal Engineers, Chatham, 2; Bayonet v. Bayonet (Dismounted): Sgt. J. Pirnie, Royal Field Artillery, and Lee-sergt. J. C. Sharpe, the absence of each won a bye owing to the absence of Walker, Army Service Staff, defeat Sgt. J. I. Cole, Royal Marine Light Infantry.

TOURNAMENT TO BE EXTENDED.

Among those who accepted invitations to be present to-morrow afternoon are Prince and Princess Edward of Sax-Weimar, the Duke of Cambridge, and the Duke and Duchess of Teck. A telegram was yesterday sent by the committee, in consequence of a general invitation, the Commanding Officer stating that he intended to extend the tournament until next Saturday, and reply Lord Roberts approved of the suggestion. The various railway companies will, it is expected, run special trains to enable visitors from the provinces to visit the tourna-

The opening match of this club was at East Acton, on Monday, the opposition being Piper's (Ltd.) U.C. After an exciting contest, the latter proved victorious by a narrow margin of one run, the scores being—Piper's (Ltd.), 79; "The People," 78. The winners, King (36), and Brown (30) batted well, while for the losers, Fisher and Gordon (22), were the principal scorers.

The enemy were driven off, the guns captured, and the Boer position occupied.

Our casualties were: Six officers and 11 men killed, 121 wounded, and 3 missing. Names reported in separate telegram.

Surg.-capt. Francis Welford, Imperial Yeomanry, and four men since died of wounds.

Forty-one Boers were killed on the ground.

Further Boer casualties are not known.

Reinforcements are being sent.

BATTLE DESCRIBED.

HOW THE GUNS WERE TAKEN.

THE "DERBY'S" FINE WORK.

From the despatches to hand the details of the "Soldiers" battle at Vlakfontein may be pieced together. Gen. Dixon's force, consisting of 1,450 men with seven guns, was returning to the British camp at Vlakfontein in the Magaliesberg, where for many months the Derby's force has been in scattered command. The enemy, under Commandant Kemp, prepared their attack upon one side of the cloud of smoke upon one side of the British column where the veldt had been fired. The attack was delivered with a heavy gun, consisting of two guns 28th Battery, 230 7th Bn. Imp. Yeo., 100 Derbyshire Regt. For the moment the British detachment was overwhelmed. So close were the enemy that the Boers were able to take the first volley. The Yeomanry took up a position near the guns, which they held till they were nearly decimated. Their stand is described as most heroic. The two guns were temporarily captured by the enemy. As soon as they perceived the seriousness of the position the Artillerymen and a Yeomanry shot the gun horses to prevent the Boers removing the guns. The Boers, however, were unable to do so.

THE "FORESTERS" FEAT.

Vlakfontein will stand out as a record of fine work for the Derbyshire Regiment. Formerly the 48th North Devonshire and the 95th Derbyshire, they were combined under the name of the Sherwood Foresters. The regiment's banner bears the words "The White Horse, with the well-known battle inscribed, Vimera, Talavera, Inkerman, Sevastopol, Egypt (1882), Lord Chelmsford, K.C.B., who commanded the first part of the last Zululand Campaign, and the colonel-in-chief, Gen. Smith-Dorrien, belongs to them. Derby and Nottinghamshire are as Edinburgh and the banks of the Tweed after Magersfontein—silently sad; but proud for the fallen.

ENEMY SURPRISED AND ROUTED.

37 BOERS KILLED.

A successful action has been fought in the neighbourhood of Varkfontein, Northern Transvaal, where the Boer force was surprised by a British force under Col. Wilson. The Boers were completely defeated, lost all their supplies, and left 37 dead on the ground.

BEYERS BEATEN.

His supplies captured.

Pretoria, June 4.—A portion of Commandant Beyers's command, comprising 400 men, was surprised and defeated by 200 British under Col. Wilson near Varkfontein, losing 37 killed and practically the whole of the supplies for Beyers's force. The British loss was three killed and 13 wounded.

Pretoria, June 4.—On Sunday Kitchener's Scouts attacked the laager of Beyers at 30 miles north of Pretoria River. The Boers were taken completely by surprise, and after a short resistance they hurriedly retreated. Forty of the enemy, however,

were taken prisoners, and the scouts also secured 7,000 cattle, 50 waggon, and a quantity of ammunition. The Boers, who were commanded by Piet Uys, numbered 300. On the scouts returning with their booty the Boers followed them up to within 10 miles of Pienaar's River, making desperate efforts to recover the waggon, cattle, and prisoners. They were successful in killing 70 of the cattle, but the remainder, with the prisoners and waggon, were safely herded into camp. Our losses were two killed, and nine wounded. The Boers lost 17 killed, besides several wounded, three of whom are in our hands.—Central News.

PLUCKY JAMESTOWN

SURRENDERS AFTER A GALLANT DEFENCE.

Cape Town, June 4.—Jamestown was attacked early yesterday morning by a strong force under Kritzinger, estimated at over a thousand men. The Garrison, which only numbered 40, made a gallant defence, inflicting upon the enemy a loss of 13 killed and 15 wounded before being compelled by sheer force of numbers to surrender.—Reuter.

LORD KITCHENER'S DESPATCH.

From Lord Kitchener to the War Office, Pretoria, June 4.—Jamestown surrendered to Kritzinger's command on morning of 3rd. After four hours' fighting the Town Guard and local Volunteers were overpowered before our pursuing columns could come up. Casualties:—Three killed and two wounded. Boers lost stated to be greater. Stores looted; garrison released. I have placed Gen. French in charge of operations in Cape Colony. (Jamestown is half-way between Burgersdorp and Dordrecht and about 35 miles south of the Orange River.)

GEN. FRENCH.

THE MAN OF THE MOMENT.

Of one man it may be said at least in this campaign that he has not failed to justify the reputation he carried to S. Africa. That man, Maj.-Gen. John D. P. French, is the one who has been the first to take up a position near the guns, which they held till they were nearly decimated. Their stand is described as most heroic. The two guns were temporarily captured by the enemy. As soon as they perceived the seriousness of the position the Artillerymen and a Yeomanry shot the gun horses to prevent the Boers removing the guns. The Boers, however, were unable to do so.

SURRENDERS AFTER A GALLANT DEFENCE.

Cape Town, June 4.—Jamestown was attacked early yesterday morning by a strong force under Kritzinger, estimated at over a thousand men. The Garrison, which only numbered 40, made a gallant defence, inflicting upon the enemy a loss of 13 killed and 15 wounded before being compelled by sheer force of numbers to surrender.—Reuter.

LORD KITCHENER'S DESPATCH.

From Lord Kitchener to the War Office, Pretoria, June 4.—Jamestown surrendered to Kritzinger's command on morning of 3rd. After four hours' fighting the Town Guard and local Volunteers were overpowered before our pursuing columns could come up. Casualties:—Three killed and two wounded. Boers lost stated to be greater. Stores looted; garrison released. I have placed Gen. French in charge of operations in Cape Colony. (Jamestown is half-way between Burgersdorp and Dordrecht and about 35 miles south of the Orange River.)

GEN. FRENCH.

THE MAN OF THE MOMENT.

Of one man it may be said at least in this campaign that he has not failed to justify the reputation he carried to S. Africa. That man, Maj.-Gen. John D. P. French, is the one who has been the first to take up a position near the guns, which they held till they were nearly decimated. Their stand is described as most heroic. The two guns were temporarily captured by the enemy. As soon as they perceived the seriousness of the position the Artillerymen and a Yeomanry shot the gun horses to prevent the Boers removing the guns. The Boers, however, were unable to do so.

THE "FORESTERS" FEAT.

Vlakfontein will stand out as a record of fine work for the Derbyshire Regiment. Formerly the 48th North Devonshire and the 95th Derbyshire, they were combined under the name of the Sherwood Foresters. The regiment's banner bears the words "The White Horse, with the well-known battle inscribed, Vimera, Talavera, Inkerman, Sevastopol, Egypt (1882), Lord Chelmsford, K.C.B., who commanded the first part of the last Zululand Campaign, and the colonel-in-chief, Gen. Smith-Dorrien, belongs to them. Derby and Nottinghamshire are as Edinburgh and the banks of the Tweed after Magersfontein—silently sad; but proud for the fallen.

ENEMY SURPRISED AND ROUTED.

37 BOERS KILLED.

A successful action has been fought in the neighbourhood of Varkfontein, Northern Transvaal, where the Boer force was surprised by a British force under Col. Wilson. The Boers were completely defeated, lost all their supplies, and left 37 dead on the ground.

BEYERS BEATEN.

His supplies captured.

Pretoria, June 4.—A portion of Commandant Beyers's command, comprising 400 men, was surprised and defeated by 200 British under Col. Wilson near Varkfontein, losing 37 killed and practically the whole of the supplies for Beyers's force. The British loss was three killed and 13 wounded.

Pretoria, June 4.—On Sunday Kitchener's Scouts attacked the laager of Beyers at 30 miles north of Pretoria River. The Boers were taken completely by surprise, and after a short resistance they hurriedly retreated. Forty of the enemy, however,

were taken prisoners, and the scouts also secured 7,000 cattle, 50 waggon, and a quantity of ammunition. The Boers, who were commanded by Piet Uys, numbered 300. On the scouts returning with their booty the Boers followed them up to within 10 miles of Pienaar's River, making desperate efforts to recover the waggon, cattle, and prisoners. They were successful in killing 70 of the cattle, but the remainder, with the prisoners and waggon, were safely herded into camp. Our losses were two killed, and nine wounded. The Boers lost 17 killed, besides several wounded, three of whom are in our hands.—Central News.
